

# THE BLAIRMORE ENTERPRISE

VOL. XXXV, NO. 45.

THE BLAIRMORE ENTERPRISE, FRIDAY, NOVEMBER 10, 1944.

\$2.00 PER ANNUM.

"Serve the Church that the Church May Serve You."

## CENTRAL UNITED CHURCH

BLAIRMORE  
Rev. James McKelvey, Minister

### Services Sunday next:

11:00 a.m., Senior school.  
2:00 p.m., Junior school.  
7:30 p.m., Public Worship.

## ST. LUKE'S CHURCH, BLAIRMORE

Rectory: Rev. W. E. Brown

The 23rd Sunday after Trinity:  
Holy Eucharist 11 a.m.  
Sunday School 12 noon.

Thursday: War Intercession 7:30 p.m.

## SALVATION ARMY, COLEMAN

Lieuts. S. Nahlmeyer and R. Hammond.  
Officers in charge.

### Sunday services:

11 a.m., Holiness meeting.  
2:30 p.m., Directory class.  
3 p.m., Sunday school.

7:30 p.m., Salvation Meeting.  
Tuesday: 7:30 p.m., Red Shield Auxiliary and Home League.

Thursday: 8 p.m., Praise Meeting.  
Funerals and dedications on application to the local officer.

## BELLEVUE BAPTIST CHURCH

Pastor Evangelist: Alfred Siple

10:30 a.m., Sunday school.  
11:30 a.m., Morning service.

We preach the Victory Life of Christ, and invite you.

## HILLCREST UNITED CHURCH:

Services every Sunday at 9 p.m.

## BELLEVUE UNITED CHURCH:

Services at 7:30 p.m. every Sunday.

## COWLEY UNITED CHURCH:

Services alternate Sunday mornings at 11 o'clock.

Rev. W. H. IRWIN, Minister.

## The Government Liquor Control Act of Alberta

## APPLICATION FOR BEER LICENSE

Public notice is hereby given that the undersigned intends to apply to the Alberta Liquor Control Board for a license to sell beer by the glass or open bottle, for consumption on the licensed portion of the premises, and also to sell beer by the unopened bottle for consumption elsewhere than upon the licensed premises, in conformity with the provisions of the Government Liquor Control Act of Alberta, and the Regulations made thereunder, with respect to the following described premises:

Beer salaroom in the south-east corner of the ground floor of the Frank Hotel, situated on Lots 17 and 18, in Block 28, Plan No. 3601-1, Frank, Alberta.

Dated at Frank, Alberta, this 1st day of November, 1944.

STEVE BOBOSKY, Applicant.

## MODERN THOUGHT IN ANCIENT VERSE

For whatever it may contribute to the are-there-any-good-Germans discussion, and also as a reproach to the Hungarians (who can't say they were not warned of their present plight), we submit the following stanza, written by an unknown Hungarian, a follower of Rakoczi, some 250 years ago: O Magyar, think no German true, No matter how he flatters you; For though his promises invoke A letter bigger than your cloak, And though he add the (big poltroon!) A seal to match the harvest moon, You may be sure he means not well—May Heaven blast his soul to hell!

After a service, a preacher of the old-fashioned type favored the old lady with his views on eternal punishment. There was a great deal of fire and brimstone in it. "I don't believe it," the old lady said impulsively. "No human constitution could possibly stand it."

## HIGHLY RESPECTED CITIZEN PASSES

One of the most highly respected citizens of the Crow's Nest Pass, in the person of Mrs. Sylvia Chardon, passed away at an early hour on Tuesday morning. Mrs. Chardon had been in poor health for a considerable time, but her death came sooner than expected. Her husband predeceased her early this year. Surviving is their only child, Mrs. Roland (Madeline) Pinkney, at whose home the call of death came. Her loss to the community is a severe one. With her husband, they settled down in business here quite a number of years ago, and business worries had to do considerably with the couple's demise. Left to mourn is their daughter, who lost her husband, Mr. Roland Pinkney, in February of this year, and since then her father in May last and her mother now. The sympathy of the entire community goes out to Mrs. Pinkney at this time.

Mrs. Chardon's health gradually failed, but not till recently did she murmur to such an extent that other people could recognize. Less than a week before her death she was able to walk on main street and converse with her friends.

The remains were laid to rest in St. Anne's cemetery beside those of her late husband on Thursday morning, following service held at St. Anne's church by Rev. Dean M. A. Harrington.

## BLAIRMORE-FRANK WINS SECOND PENNANT

The Blairmore-Frank unit made good progress in the Seventh Victory Loan drive, and early this week had the honor of raising Pennant Number 2. Their quota was set at \$50,000.

All units in the Pass are ending strong. The campaign closes tomorrow, Saturday.

Following is the results of all the Pass units:

Unit	Sales	Amount	%
Coleman	812	\$147,450	140.4
Blairmore-Frank	574	126,350	140.4
Bellevue-Hillcrest	507	102,350	113.7

## MEN OVERSEAS TO GET LEAVES

Canada's new defence minister, McNaughton, plans to use home defence men as "soldiers" and withdraw them from civilian tasks in which many have been engaged. He promises that there would be fair play for the troops overseas, and that compulsory service men at home would not be allowed the first call on the best jobs. Soldiers with long service overseas would be given leave to visit Canada, some of the first to be home for Christmas.

## OTHER USES MAY BE FOUND FOR COAL

A Royal Commission, appointed by the Dominion government, is shortly to inaugurate a thorough inquiry into the coal producing and marketing conditions. There have been similar inquiries before, but mostly under provincial government auspices. It is obvious to everyone that in a country rich in coal deposits and coal producing facilities something is wrong when more money is spent on buying imported coal than in patronizing the output of Canadian mines.—Ex.

## BELLEVUE-HILLCREST OVER THE TOP

The Bellevue-Hillcrest unit went over the top the early part of the week. Their quota was \$50,000 and subscriptions now reach the \$95,000 mark.

## M. D. McEachern, B.A. principal of the Bellevue school, is presiding over the teachers' convention sessions at Lethbridge.

## LUNDBRECK FAREWELL PARTY

Mrs. E. Madden, Pearl and Cliff were guests of honor at a farewell party in the Lundbreck Community hall on the night of Wednesday, November 1st. Over one hundred people were present, some of the families coming many miles for the occasion, despite the unfavorable weather.

Mrs. E. Grove and Mrs. J. Smith, Jr., entertained those present with several piano selections during the course of the evening. Baby "mums" in shades of bronze and yellow graced the supper table.

After supper, Mr. A. M. Densmore, on behalf of their many friends, presented Mrs. Madden with a watch, Pearl with a handbag and Clifford with a leather wallet and key-ring. In making the presentation, Mr. Densmore referred to the length of time the Maddens had lived here as proprietors of the Windsor Hotel—forty years—and their noted hospitality to their guests, which over a period of years included many notable figures, politicians, statesmen, financiers, bankers, geologists, etc. During the last war, and before the present Lundbreck hall was built, the hotel was at the disposal of the Red Cross, V. O. N. and many other charitable organizations for their meetings and social functions.

Mrs. J. F. Smith read an address sent to the Madden family by Mrs. Charles Lynch-Staunton, who was unable to attend:

"To Mrs. Madden and the Madden family:

"Many moons have turned into many years since you have been with us here, a part of Lundbreck, and we who have known your kindness through all those years are loathe to see you leave us."

"The Windsor Hotel has been so much a part of Lundbreck, and the Madden family has been in the hotel since the beginning of Lundbreck. Other things and persons have gone, but not the Maddens. I remember when I myself came as a bride to our ranch home in the hills here, my husband and I one fine day riding in to Lundbreck and visiting the hotel. Mr. and Mrs. Madden with most gracious hospitality showed us their newly-built place. It was shining from top to bottom then as it is now, and they were justly proud of it. The knowledge of the Lundbreck hotel as a fine and comfortable place to stay has spread far and wide through tourists and travellers, and not undeservedly."

"None of us who knew Mr. Tom Madden can ever forget the great kindness and thoughtfulness. Did you ever come in on the midnight train, perhaps hours late, but he was there to welcome you and to see that you were warmed and fed? Do you remember the row of evergreens that each summer fronted the premises, and the beautifully blooming plants that Mrs. Madden always had in her windows and in the dining room; and the lovely bouquets with which the tables were centred? Do you remember the mining days of Lundbreck, when the hotel, headquarters for the miners, was bustling with activity; and the days when the cattlemen came riding in in wide-brimmed hats and spurs-jangling, and chaps flapping, to whoop-it-up after shipping their prime beef? In fact, the Windsor Hotel at Lundbreck figured once in a cartoon in Maclean's Magazine when they pictured a cowman and his mount presenting themselves at the desk and demanding 'room and stall, please!'"

And, believe it or not, but there have been bullet holes discovered in the woodwork. These are but a few of the things that have given an interest and charm to a western life, and the Windsor Hotel has contributed its part.

"We shall miss you very much when you are gone from Lundbreck, where you have lived so many years—happy years, we hope. But we hope

## REMEMBRANCE DAY SERVICE AT CENTRAL UNITED CHURCH

A special Remembrance Day service will be held in the United church on Sunday evening next at 7:30.

The music for the occasion will include an anthem by the choir, a solo and a trio.

The minister will speak on the subject "Keeping Faith." The members of the Canadian Legion and the IOOE are expected to be present.

Everyone is cordially invited to attend this service. Come early and enjoy a short sing-song.

## NATIONAL REMEMBRANCE DAY

Tomorrow, Saturday, November 11, will be observed throughout Canada and the Empire as National Remembrance Day, when services will be held in all communities.

At Blairmore service will be held as usual in the Orpheum theatre at 10:45 a.m. The chair will be occupied by Mr. B. Hobson, while the special speaker for the occasion will be Mr. John Shovel, of Bellevue. Others taking part will include Rev. J. McKelvey, the air cadets and the church orchestra.

Members of the Canadian Legion and the IOOE will attend. Following the service they will proceed to the cenotaph.

## COWLEY HAPPENINGS

John Maloff underwent an appendicitis operation at St. Vincent's hospital on Friday last, and is reported doing well.

Mrs. Thomas Jones, of Spokane, who is enjoying an extended visit with her sons, Ted and Bob, and families at Lundbreck, was a visitor here last Saturday.

Mr. and Mrs. Marcel Percevault are spending a few days in Calgary.

Mickie Porter is a patient in hospital in Lethbridge. His parents, Mr. and Mrs. George Porter, paid him a visit on Wednesday. Mrs. Porter remaining in the city for a few days.

Miss Nellie McWilliam, Miss Marjorie Porter and John Percevault left by Wednesday afternoon's train to attend the teachers' convention at Lethbridge.

Mrs. Vera Maloff, who spent the summer and autumn in the Nelson district, returned home recently.

The Red Cross whist drive and dance held here on Wednesday night was well attended, with twelve tables of cards at play. Prizes were won by Mrs. Robert Littleton, ladies' first; Miss Irene Papp, consolation; W. E. Tustian, gentlemen' first; Paul Pelletier, consolation. Mrs. Helen Lemire and Mrs. Frank Pizola were on the refreshment committee, with Hector Lemire acting as master of ceremonies.

## Jack O'Neill, Kimberley druggist, has been named Liberal candidate for East Kootenay.

## H. T. Halliwell has purchased the William Walshe residence at Macleod.

you will still remember us in the new home you are going to, for, as the poet says:

"You do not leave us wholly. Something that is yourself must always stay."

"And so we, your friends, join all in good wishes for your future happiness and prosperity."

The evening was brought to a close with the singing of "Auld Lang Syne" and "For He's a Jolly Good Fellow."

The Maddens thanked their friends present and assured them they would always be remembered wherever they decided to locate. Lundbreck would never be forgotten.

The Maddens left on the midnight train for Vancouver. They have disposed of their business to Mr. G. P. Gatto, of Kimberley.—M.W.S.

## ALBERTA MINERS DEMAND REMOVAL OF DR. WRIGHT

A delegation from the Alberta section of the United Mine Workers of America, District 18, made representations to Premier E. C. Manning at Edmonton on Tuesday to remove Dr. Victor W. Wright, chairman of the Workmen's Compensation Board, and Alfred Farmillo, commissioner.

A brief submitted by a delegation headed by John Stokuluk, of Calgary, vice-president of District 18, contended that as long as Dr. Wright and Mr. Farmillo are in charge of the administration of the Workmen's Compensation Act, injured workmen never will receive justice.

The miners' organization, it was said, had been forced to spend more than \$1,000 for independent medical examinations in the last 21 months, covering cases outlined in the brief. In addition there were other costs for travelling and other expenses which were paid for by the "local" unions.

The entire cost of these examinations by the miners' organization was put around \$4,000.

"We claim that it should not be the duty of the workmen to go to the expense of securing independent medical evidence in order to prove that the workmen's disability was the result of a reported accident or that his disability was greater than that which the compensation board saw fit to allow him. It should be the duty of the board to prove to the workman by medical examination that his disability was not the result of the accident and state definitely what was the cause of the disability the man suffered," the brief stated.

The brief charged that men who were entirely crippled had been ordered back to work and the compensation and pension were not paid in accordance with the man's real disability.

In the delegation were Mr. S. Sokuluk, Edward Boyd, Calgary, acting secretary of District 18; Tom McCloy, district representative, Calgary; Mack Stigler, Coleman; John Lloyd, Blairmore; John Dugdale, Bellevue; Clem Pirock, Lethbridge; Donald McDonald, Wayne; Thomas Mackie, Drumheller; George Batty, Nordberg; Peter Collins, Edmonton, and M. P. Sunnar, Cadomin.

## RECRUITING OF FARM LABOR FOR INDUSTRY

An extensive and vigorous campaign by National Selective Service to recruit agricultural workers into employment in other essential industries during the coming fall and winter months will soon be under way.

In a general review of labor requirements in the prairie region, Selective Service was faced with orders for about eight or nine thousand workers for essential civilian and war industries, and that these must be found. Trench elevators, railways, coal mines, base metal mines, packing houses, cold storage plants, lumber and wood camps, and sugar plants are all included in the list of industries needing farm workers during the coming winter.

Selective Service will not encourage men to leave dairy or livestock farms, where they are needed most during the winter. In addition, young farmers on postponement of military training will be given continuance of their postponement while engaged in other essential work during the off-season.

The body of Dominic Bonetti, fireboss at the Maple Leaf mine, was found last week end in a body of water at the mine by the RCMP. He had been missing several days. Mr. Bonetti had been in the employ of Hillcrest-Mohawk mine for about a year, coming from Michel, where he had been employed for some time. He has been in failing health of late. Left to mourn are his wife and two small children. The remains were laid to rest on Tuesday.

## VICTORY LOAN NEARS TOP

Word from Ottawa, yesterday at noon gave latest figure as \$1,119,576. Wednesday sales reached near the seven million mark.

Up to the time of going to press practically all units in the province had reached their objectives and the provincial executive has decided to set a new mark—\$50,000,000.

## VOLUNTEERS WANTED FOR BLOOD CLINIC

The campaign to secure names of volunteers for the Red Cross Blood Clinic, which is to be held in The Pass December 5 to 7, is now away to a good start. Registration will be in charge of Mr. Sam McDowell, who expects the clinic to be in Blairmore for at least one day of the three. Deputis will be set up for receiving the names of volunteers and there is no doubt that many will be enlisted.

There is still about a month to go, but those desiring to give blood to the clinic enroute to the various war fronts to aid Allied wounded should give their names in to the local committee as soon as possible, so that the local Red Cross committee may be better able to record the progress of the campaign. Give your name today.

Giving blood is painless, and there will be a doctor and nurses in attendance. Watch for further announcements.

## FAIR EXCHANGE

This is a model story from Holland: A merchant went to a farmer near Amsterdam to get a pound of butter. The farmer insisted on swapping the butter for a pair of woolen socks. The merchant went home and reported this to his wife:

"We have a woolen bedspread," she said. "I'll unravel it and knit a pair of socks." So she proceeded to make the pair of socks, and the merchant exchanged them for a pound of butter. When the merchant needed more butter, his wife would unravel more of the bedspread to be exchanged for the butter. Finally, one day she had enough wool left for only one sock. The merchant took it to the farmer and asked for a half pound of butter for it.

"No, I'll give you a full pound. You see, I really don't wear the socks. My wife unravels the wool and uses it for knitting a bedspread, and there's just enough in this one sock to finish it."

## The new Catholic convent at Natal-Michel was duly consecrated by Bishop M. M. Johnson, of Nelson, recently, assisted by six priests who came from various points, including Revs. Harrington, of Blairmore; Sullivan, of Coleman, and Anderson, of Bellevue. Bishop Johnson praised the worthy achievement through the untiring efforts of Father Brophy and the good work of the parishioners.

Private Albert Bianchini, K53481, son of Mr. Andrew Bianchini, of Hillcrest, and member of a Canadian Provost Corps, is reported injured in action. His wife, Mrs. Dorothy Bianchini, resides at 25 Morston Terrace, Pinilco, London SW1, England.

Blairmore Lodge of Elks, following their regular session on Tuesday night, at which four were initiated, enjoyed a luncheon of venison sandwiches, etc. Around sixty members were present and enjoyed the treat so much that all looked wild on Wednesday morning.

The annual meeting of the Blairmore Community Sports Association will be held in the arena committee room on Friday night of next week at 8 o'clock.

Down in Newfoundland they usually choose a Scotchman as father-giver, realizing that he will not give much away.

## Placement Of Army Personnel In Civilian Jobs

OTTAWA.—Passage of a recent order-in-council providing for the placement of army personnel not immediately required for military duty in civilian jobs has opened the way for the return of members of the home defence army to civilian employment and still remain in the army.

The order applies to both the home defence and active armies.

Under the terms of the order these men would be placed in jobs considered necessary in the public interest and at the same time they would not actually be demobilized but would be subject to recall at any time for military service. In effect, they would be on leave from the home defence army.

Such a plan, it was pointed out in some quarters, would go at least part way toward meeting the objection that might be raised by active service troops to home defence soldiers being given a preferential place in civilian industry by their demobilization before the active army was released.

The order says that military personnel engaged in work essential to the prosecution of the war are to be regarded as performing a military duty. They continue to be under the provisions of the pensions act and receive military pay and allowances. It is reported that 200 men, called up for training under the National Mobilization Act, will be placed in a Toronto shell filling plant under the new order. The ammunition industry has recently been experiencing an acute labor shortage.

### OVERSEAS PARCELS

Take Action Against Persons Who Send Matches Through Mails

OTTAWA.—Action is to be taken against persons who include matches or lighter fluid in parcels destined for overseas. Postmaster General Mulock said.

Col. Mulock said that three alone one ship in Montreal and another in Saint John, N.B., recently had destroyed or damaged several hundred bags of parcels on their way overseas.

When the partially destroyed parcels were returned to the base post office here for salvaging and repacking they were opened and found to contain matches and lighter fluid. Action would be taken against the senders of these parcels, the type of action to be decided by the department of justice.

### CLAIMS PROVED

Photographs Show R.A.F. Pilots Right About Damage To Aachen WITH THE 2ND TACTICAL AIR FORCE, Belgium.—Capture of Aachen has proved the accuracy of R.A.F. claims of damage to the city. Results of the closest investigation in this German industrial city, which between July 13, 1944, and its fall Oct. 20, was hit by 7,000 tons of bombs, established that every claim by pilots and later checked by photographic reconnaissance has been borne out.

### BRINGS MESSAGE

Canadian Troops In "Good Heart" Says L. W. Brockington

OTTAWA.—L. W. Brockington, K.C., prominent Canadian barrister and orator, back in Canada following a six weeks' mission to the battlefields of Europe, with a message that he left Canadian troops in "good heart and health" but with no illusions about the grim task that still lay before them.

These are some of his observations: The Canadian soldier has not only earned a splendid reputation as a fighting man but also a gentleman for his conduct and attitude toward civilians.

He was deeply impressed by the medical services of the Canadian forces. Surgery of the present war, plus the wide use of modern drugs, had probably resulted in less suffering of the wounded in this than in any other war. Control of epidemics has been remarkable.

One of the great stories of the war, which could not yet be told, would be that of the French Canadians who assisted in the liberation of France before the invasion.

## Antwerp May Be Death Blow To German Hopes

WITH THE FIRST CANADIAN ARMY IN HOLLAND.—A captured German order, issued by Gen. Gustav von Zangen, commander of the German 10th Army, showed that the enemy high command fears that once Antwerp is being used as a supply port, a death blow might be delivered at northern Germany and Berlin itself before the winter.

The order, issued the day after the 1st Canadian Army on Oct. 6 launched the operations to clear the Schelde estuary by crossing the Leopold canal in northern Belgium, told the 15th army troops that the defence of the Schelde and the approaches to Antwerp occupy a decisive role in the further conduct of the war and future of the German people.

The order, dated 15th army headquarters, Oct. 7, and captured in the Schelde sector, said:

"After over-running the 'Schelde fortifications, the English would finally be in position to land great masses of material in a large and completely protected harbor. They might deliver a death blow at the north German plateau and at Berlin itself before the onset of winter."

Zangen continued: "Next to Hamburg, Antwerp is the largest port in Europe. Even in the First World War Churchill (Prime Minister, Churchill then was first lord of the admiralty) in person travelled to Antwerp in order himself to organize the defence of the harbor, because he appreciated it as of vital importance to the struggle on the continent. At that time Churchill's plan was completely shattered; the same must happen again."

"The current delays in the enemy's conduct of war are attributed in great measure to the fact he still must bring all his supplies through the improvised facilities of Cherbourg."

### Has New Duties

Walter S. Woods, of Ottawa, newly appointed deputy minister of the department of Veterans' Affairs. Mr. Woods, for the past 3½ years has been associate deputy minister of the department of Pensions and National Health.

### APPEALS FOR DONORS

TORONTO.—Dr. John T. Phair, chairman of the Canadian Red Cross National Blood Donors committee, issued an appeal to Canadians to become blood donors. He said the Canadian Red Cross needs 5,000 donations of blood daily to assume an ample supply for battle front casualties in Europe.

### SHIPS FOR PACIFIC

Vessels Are Now Under Construction In Canadian Yards

OTTAWA.—At least 87 of the ships now being built in Canadian yards likely will see action in the Pacific, a munitions department spokesman said.

He said that 21 maintenance vessels, 50 transport ferries and 16 coastal cargo ships now were under construction.

The maintenance vessels were the floating workshops that Prime Minister Churchill referred to in the British House of Commons recently. The vessels were being equipped with all the machinery they would need to repair a damaged ship at sea thousands of miles from a shipyard.

The vessels, being built at an estimated cost of \$2,000,000 or more each, are under construction in west coast yards.

The transport ferries were the largest warships being built in Canadian yards and were for use in amphibious operations. Few details on the ferries have been released for security reasons.

### EXTERNAL TRADE UP

OTTAWA.—Canada's external trade, excluding gold, was valued at \$427,051,000 in September compared with \$416,510,000 in August and \$384,640,000 in the corresponding month last year. The Dominion bureau of statistics reported.

### VICTORY LOAN CAR

On tour of the Dominion and at present on Canadian Pacific western lines, the C.P.R. Victory Loan observation car in gleaming white and silver was welcomed in Winnipeg by officials of the National War Finance committee and the railway.

Emblazoned on its sides are the seventh loan slogans: "Invest in Victory" and "Buy One More Than Before", with the flaming dagger, emblem of the British 8th Army, as centre piece, in color. The car, attached to main line trains of the Canadian Pacific, will make three round trips of the Dominion, in all 8,646 miles, carrying its urgent message invoking support of the loan.

Something new in railway annals, the silver, white and blue car arrests attention as it speeds across the rails. In Winnipeg, as the picture shows, it was met by W. A. Mather, vice-president, Canadian Pacific western lines; Mayor Garnett Coulter, Winnipeg; Mayor George C. MacLean, St. Boniface; H. E. Sellers, chairman of the Manitoba division, National War Finance committee; Murray Sinclair, chairman of the public relations sections, Manitoba division; J. D. Perrin and E. S. Fraser.

In the picture Mayor Coulter is shown accepting the Victory plagues presented to Greater Winnipeg by Flight-Lieutenant H. A. Walker, who in company with Major General E. B. Panet, chief of the Canadian Pacific Investigations department, Montreal, is travelling on the car in its across-Canada journey. Similar plagues are being presented at all the divisional points along the way. Left to right are: Major Gen. Panet, Mr. Mather, Mr. Sinclair, Mayor MacLean, Mayor Coulter, Mr. Sellers, Flight-Lieutenant H. A. Walker, Mr. Perrin and Mr. Fraser.

### A JOB FOR ALL

Canada Needs Three Million Purchasers For The 7th Victory Loan One horse can move a wagon. Two horses will move a dray. A million horses can move a mountain.

One Canadian soldier can wipe out an enemy machine gun nest. Ten Canadian soldiers may capture an enemy outpost. Two hundred thousand Canadian troops can press back a German army.

But the mountainous task of beating Germany completely and finally requires the help of at least three million Canadians here on the home front. The support which our soldiers, sailors and airmen require for the last punishing blow comes primarily through the sale of Victory Bonds. And to make that support adequate Canada needs at least three million purchasers during the Seventh Victory Loan campaign who will make their individual purchases larger than before.

OTTAWA.—A total of 245 out of 13,154 bags of overseas mail were damaged or destroyed in a fire on board a ship in the harbor at Saint John, N.B., Postmaster-General Mulock said. Thirty-one bags were destroyed, 30 partially destroyed and damaged by water and 194 bags damaged by water to a lesser degree.

### FANTASTIC REPORTS

May Have Been Responsible For Damage To Jap Fleet

ABOARD FLAGSHIP OF U.S. THIRD FLEET IN PHILIPPINE SEA.—Fantastic reports of Japanese aviators about what great damage they had already done to the United States fleet may have reduced Japan's fleet into the battle which finally cost it control of the western Pacific ocean.

Rear Admiral Robert Carney, Washington, D.C., chief of staff to Admiral William F. Halsey, said the fantastic stories of damage to the American fleet of Formosa may not have been entirely the creations of the Tokyo radio stations. It could be, he said, that the reports of the aviators themselves were just as wild and that the imperial fleet headquarters actually believed it had seriously damaged the American warships.

## Say No Change Is Wanted On The Japan Front

WASHINGTON.—Withdrawal of Gen. Stilwell from his triple command in Asia apparently means a clean breakup of the front against Japan into British, Chinese and American theatres.

Eventually it is expected that British forces will seek to join forces with the Americans on the American side of the long battle line. But it can be stated flatly that in high military and naval quarters here there is powerful opposition to any such move. Every effort will be made to preserve the cleavage which now has been effected.

This attitude within the American high command is based on two points primarily:

1. Under the leadership of Nimitz, MacArthur, Halsey and others American forces have campaigned with spectacular success and any basic change in the plan of leadership might be for the worse.
2. The war against Japan on the Pacific front is particularly an American war and leaders here hope that as a contribution to future peace it may be brought home to the Japs that it was American armed might which finally crushed them.

At present Gen. Chiang Kai-Shek has direct command of the China theatre. It joins the British area in north Burma.

### IN ARMED SERVICES

Australia Enlisted Eight Out Of Every Ten Of Military Age

CANBERRA.—Eight of every 10 Australian men between the ages of 18 and 35 have been enlisted in the fighting services, it was announced. Altogether 963,000 have served in the forces of Australia which has a population of 6,960,890.

Figures compiled by Canada's war time information board showed that on June 30 a total of 852,472 men between the ages of 18 and 45 had been enlisted or enrolled in the Canadian forces. The figure represented 37.9 per cent. of Canada's available 2,474,000 military age males. Canada's population is 11,419,886.

## Canada Will Start A Short Wave Service

OTTAWA.—The playing of "O Canada" and a full-flavored Canadian accent repeating "This is Canada calling," next month will give the nation its first voice on world airways as the new CBC short-wave transmitter at Sackville, N.B., broadcasts its first test.

Oddly enough, if the test—scheduled for mid-December—is successful, few receivers in Canada will be able to pick up the broadcast beamed to overshoot the Dominion and reach sets in Europe.

A few receivers in the Maritimes and especially Prince Edward Island may pick up leakages, but the majority of Canadians will only hear Sackville through the newspapers or when it happens to be relayed through the BBC or other Allied sources. It is possible that residents of western Canada may be able to wailay broadcasts to the antipodes.

The hour but not the day has been set for the first test. It will go on the air at 5:45 a.m., C.D.T., and continue until 8:15 a.m. the lunch period in Europe. It will open with 15 minutes of recordings—with a Canadian flavor—and announcements.

The programs will include interpretative and background news reports, talks and a CBC version of the BBC's successful radio newsworld broadcast—a sort of magazine of the air with topical interviews and asides—glances on the world at war.

Certain domestic programs will be short-waved and one of the most important features will be regular broadcasts to the troops with special emphasis on news and views from home. The CBC is planning to spread itself on its Christmas broadcast to the overseas forces, but details are not yet available.

### PARACHUTE SEARCH

Rescue Divisions To Operate Over Northwest Staging Route

EDMONTON.—Existence of a parachute search and rescue division for operation over the North West staging route, R.C.A.F., between Edmonton and Whitehorse, Y.T., which officials believe will spare not double chances of survival for crews of aircraft forced down, was announced by the North West air command here. This is the only unit of its kind in the R.C.A.F.

The "para-searchers" of the division have received such specialized first aid and medical training that they are equipped to administer blood plasma should that be necessary. They carry special medical kits and portable two-way radio-equipment and food supplies.

### NEW COMMANDER

CHUNGKING.—Major-Gen. Albert Wedemeyer arrived in Chungking to assume the post of commander of American forces in China, recently relinquished by Gen. Stilwell on his recall to Washington.

### BASES IN LIBERIA

WASHINGTON.—Liberia, west African negro republic, has granted the United States permission to establish and operate naval, military and air installations there.

### His Majesty Visits Battlefields

The King chats with Gen. Dwight D. Eisenhower, supreme commander in the European theatre, during a recent tour of the battlefields in France. In rear, left to right, are Lieut.-Gen. Omar Bradley and Lieut.-Gen. Courtney H. Hodges, commander of the American 1st Army.

### Victory Loan Opens In Belgium

The 7th Victory Loan sale is on in earnest in Belgium. This scene is being repeated many times each day all along the front. Here Sgt. S. L. Shaw, Ottawa, buys a bond from Lieut. H. L. Adams, Charlotetown, P.E.I. Next in line is Pte. R. Bhas.

## TROOPS FIRST SAYS GORDON

"If troops are in danger of becoming short of anything, we on the home front must be prepared to give them the goods," said Prices Board Chairman Donald Gordon, in a recent address to consumer branch representatives in Toronto.

Mr. Gordon explained that some shortages are inevitable in this country, where 50% of our national production is diverted to war.

Canada receives her allotment of fabrics from a United Nations' pool, he said. With an increase of 145% of normal production of children's underwear, Canadians are getting all it is possible to produce here. Shortages is not due so much to cotton, and wool as to shortages of plants and skilled labor in manufacturing, he said.

Shortages of civilian goods cannot be attributed to mismanagement, Mr. Gordon said, instancing the complex background of the supply situation as it affected children's shoes. Allocation of hides from Washington, talks with Argentina, discussions on grades of leather, military requirements have all to be arranged before quality of children's shoes can be considered.

"There are, too, only a limited number of manufacturers capable of producing good quality children's shoes," the chairman stated.

## TIME BOMBS

We will find the brotherhood of man when we all accept the fatherhood of God.

Amiable good will can't hope to cope with organized malice.

It's easy to tell the rest of the world how to live—not so easy to tell the rest of the world tell us.

Poke around in the ashes of your greatest disappointment for the gleam of your greatest treasure.

Divorce means simply that democracy has failed to work between two people.

If what you did yesterday still looks big, you've done very little today.

We often get under the other man's skin. We need to get into his heart.

## SONG OF THE FRENCH CORVETTES

(By commanding officer of a French corvette which took part in the invasion)

Here's to you, men of the old corvettes  
That sailed through all weathers,  
And all winds that blew,  
A fine sight they were, under cross-jack or ring-tail—  
Lads: "Here's to you!"

Here's to the bosuns, the cooks and the deckboys,  
Top men and caulkers, ever on call,  
You of the jibs and you of the spunkers;  
Here's to you all!

We've come to tell you you're still living—  
What's more, you're with us—  
Christ, it's true—  
And your corvettes still sail the oceans  
As they used to do.

Our lads and yours are of the same timber,  
And we won't slow down, never fear;  
For we've got the top men by the pistons  
And courage . . . here!

Chock up with pride, like your ships, granddads,  
These are the same corvettes today.  
Up from the deep we call you: "Join us—  
Hear what we say!"

We'll haul you out from where you are lying,  
And with us arm in arm you'll come.  
We'll moor your ships alongside of ours  
When we go home.

There at the side will stand our skippers,  
Gravely saluting; then you'll see  
Hip-hip, hooray! All hands cheering  
Three times three.

So close we'll moor you—stand by, caulkers!  
The shadow of rigging so tall  
Will fall alongside and abtawt us,  
And dance over all.

All sails set, and a fair wind leading,  
With our corvettes your part will be—  
Dear lads, it's for your grave we're fighting:  
Our native earth.

We'll look up at all our colors a-streaming;  
Heads high, for we have no cause for shame.  
If we're alive (and this, too, will please you)—  
We're not to blame.

And then we'll drink to what we've been through,  
Lads of yesterday and of today;  
On board our proud ships, all flags a-flying  
For the Great Day.

"I bought a used vacuum cleaner today, Mrs. Raggs."  
"Does it work alright, Mrs. Raggs?"

"Fine. In fact when I examined it I found out it's the same machine I gave to the junk man a year ago."

She: "You wouldn't dare do this if I were a man."  
He: "If you were a man, I wouldn't want to."

Chaplain: "Which of the parables do you like best?"  
Apprentice Seaman: "The one where somebody loafs and fishes."

## WHAT IS THIS WAR OF IDEAS?

"Housework is drudgery. Purity is nonsense. Authority should be undermined. These ideas, often attractively camouflaged, are an attack on the Canadian home. We can defend our homes only if we believe sound home life is basic to healthy society. That home is the guardian of the nation's purity. That home is the foundation of teamwork."

"Promote class struggle. Stir up race conflict. Work only for gain." These thoughts, hurled in the war of ideas to divide and conquer Canadian industry. But the plan should be not who's right, but what's right. Fight for teamwork. Work for the nation. We must rally the constructive forces in industry behind these positive ideas and launch a nation-wide counter attack.

"Seize power by any means. Stir up controversy. Discredit our leaders." These mental bombs are dropped on the political front to shatter Canadian democracy. We must fight them off with interceptor ideas. Everyone responsible. The will of God the will of the people. Inspire our leaders.

"Corrupt the youth. Teach them to blame other people. Teach them the materialistic theory of science, history and other studies." Unless we recognize the danger of this sort of thinking, it is an intellectual barrage that will break down the foundation of Canadian education. We can only make our schools and colleges impregnable if we teach young people to build character. Teach them to start with themselves instead of blaming others. Teach them to understand the moral and spiritual motives which inspired the great men in Canadian history.

These are just a few of the flashes from different fronts in the war of ideas. The battle line runs through every home, every office, every farm and factory, every church and school room, every town hall and provincial capitol. On the outcome of this battle hangs the fate of our nation and the shape of future history.

Here's an old one, but it's still good:  
"How many cigars do you smoke a day?"  
"About ten."  
"What does that cost you?"  
"About two dollars a day."  
"How long have you been smoking?"  
"Thirty years."  
"That's a lot of money. Do you see

that office building on the corner, if you had never smoked, you might own that fine building."  
"Do you smoke?"  
"No. Never did."  
"Do you own that building?"  
"Why—no!"  
"Well, I do."  
—  
Carl Smith and son Floyd were in from the Buckhorn Ranch on Monday.

"To remain ignorant about V.D. is to endanger not only your own health, but that of your family and your community."

Minister of Pensions and National Health.

From a National March 26, 1944

LET'S be quite frank. When you read—say you probably did during the past few months—that more than 300,000 people in Canada have syphilis, what was your reaction? Did you say, "That's too bad; something should be done about it," and then turn to the comic page? Chances are you did.

But if that article had told you that Tommy Jones, the lad who used to mow your lawn after school, had syphilis—how would you have felt about it? Or that the young couple who built that cute house in the next block, had just lost a baby through syphilis . . . would that have made you stop and think?

Or, if you suddenly discovered that your Mat . . . No! That couldn't happen! But it can. And it does . . . to hundreds of Tommies and Marys every year, right here in Canada. Right in your community. You'll

never read articles like that, of course, for these are the personal tragedies that people bear in silence.

So, when you pick up the paper sometime and read . . . there were 5,000 new VENEREAL DISEASE cases reported in this province last year . . . remember! These are not cold figures. They represent 5,000 heart-breaking . . . heart-aching situations.

Yes, VENEREAL DISEASE is a serious problem. It's a problem for parents; for taxpayers; for young people on the threshold of life; for everyone.

VENEREAL DISEASE need never strike if we all do our part. If we know the facts. If we use these facts to advantage. If we don't shrug our shoulders and say, "This couldn't happen to anyone in my family."

You have a duty to your family and the community.

# INFORMATION REGARDING THE PROPOSED Crows' Nest Pass Municipal Hospital District

This information has been compiled by the Provisional Board for the benefit of those who will vote on the plan presented. For further information see any member of the Provisional Board.

## THE PLAN

The plan provides for the erection in Crows' Nest Pass, of a well built modern and well equipped hospital, of at least 60 beds, including an operating room, case room, etc.

## THE PURPOSE

To provide the best nursing and hospital services for all the people in the district at a minimum cost; and to insure every ratepayer and his family against costly hospital bills.

## IS IT AN EXPERIMENT?

Definitely No! Thirty-one similar hospitals have been in operation for some time; three more have commenced operation recently, and more areas are now considering proposals. Public records show that every district in which they operate receives economical and satisfactory illness, accident and maternity hospital services.

## HOW IS THE CAPITAL COST FINANCED?

By the issue of debentures for \$185,000.00 to be repaid over a period of twenty years. If they bear an interest rate of 4% the yearly payment of principal and interest will be \$13,612.67.

## WHAT WILL THE HOSPITAL RATES BE?

Hospital supporters will pay \$1.00 per day without extra charges for ordinary drugs and dressings. Compare this with the rates non-supporters will pay, or with the rates you now pay for hospitalization. Study the plan detailed herein.

## MINIMUM TAX

The minimum tax, no matter how small the parcel of land may be, is \$10.00. The government grant is 46¢ per day per patient and there is added revenue in hospital fee paid by non-taxpayers.

## WHAT WILL THE COST BE TO FARMERS?

Based on the experience of all other Municipal Hospitals in the Province, the Department of Health estimate that a rate of 5.12 mills will provide sufficient funds. This means that if your property is assessed for \$1,000.00, your share of this will be \$10.00 per year.

## WHAT WILL THE COST BE TO THE CROWS' NEST PASS RATEPAYERS?

The ratepayers of the Crows' Nest Pass District will pay on the basis of 5.12 mills on their real property assessment, with a minimum tax of \$10.00 per annum.

## WILL THE COST TO THE RATEPAYERS INCREASE?

We believe that it will not. The tax levy on the plan was estimated high enough to cover all possible expenses. Further, if other lands are added to the district, it will spread the cost over a larger area and when the debentures are retired, a further reduction should take place. Other Municipal Hospitals, which retired their debentures, operate on a lower mill rate and own the hospital.

MR. FRED ANTROBUS, representing Town of Coleman.

MR. E. WILLIAMS, representing Town of Blairmore.

MR. R. E. DONKIN, representing Village of Frank.

MR. A. W. HOLLINGSHEAD, representing Local Improvement District 71.

MR. GEO. COUPLAND, representing Local Improvement District 71.

MR. A. BALLOCH, Secretary to the Provisional Board.

## Plan of the proposed Crows' Nest Pass Municipal Hospital District.

In accordance with the provisions of the Municipal Hospitals Act, R.S.A., 1942, a request was received on February 26th, 1944, by the Minister of Health, at Edmonton, asking that a Municipal Hospital District be established to include the territory described below.

In compliance with this request, the Minister of Health established the Crows' Nest Pass Municipal Hospital District on the 28th day of August, 1944, appointed a Provisional Hospital Board and instructed it to prepare a Scheme for the building and operating of a hospital in the said district, in accordance with the Municipal Hospitals Act.

The Provisional Hospital Board met on September 19th, 1944, and prepared the Plan outlined below in accordance with the Municipal Hospitals Act. The Plan is to be advertised throughout the district for a period of fourteen days following which, providing that all conditions of the Municipal Hospitals Act have been complied with, the Plan will be submitted to the Minister of Health for final approval and a date fixed, not exceeding thirty days from the date of such final approval, upon which the ratepayers of the said district will be called upon to vote for the adoption or rejection of the said plan.

The territory included in the hospital district is as follows:

- All of Local Improvement District 71.
- The Town of Coleman.
- The Town of Blairmore.
- The Village of Frank.

The hospital plan submitted by the Board upon which the ratepayers will be asked to vote is as follows:

- It is proposed to acquire a suitable site for the hospital between the towns of Blairmore and Coleman; said site to be subject to the approval of the Provincial Board of Health.
- It is proposed to acquire a portion of the hospital equipment and the ambulance service at present owned by the miners' hospitals.
- To build a sixty (60) bed hospital from plans prepared by a registered architect and approved by the Provincial Board of Health.
- To provide for an operating room, case room and all essential furnishings and equipment as required in the regulations made under the provisions of the Hospitals Act.
- To supplement the revenue derived from taxation by the adoption of a schedule of fees as follows:

- To all ratepayers assessed in respect of property within the hospital district and their wives, dependent families and domestic female help of such ratepayers who are resident with them, a per diem rate of One Dollar (\$1.00) provided such ratepayers shall be assessed a minimum tax of ten Dollars (\$10.00) per annum.
- Non-ratepayers in the hospital district may receive hospital treatment at a rate of One Dollar (\$1.00) per diem, upon payment of a yearly sum of Ten Dollars (\$10.00) for single persons and the sum of ten Dollars (\$10.00) per family providing this sum is paid within thirty (30) days of the opening of the hospital and thereafter not later than January 10th in each year except that persons entering the Hospital District must pay this sum within three (3) months after coming to the district.

- The board retains the right to refuse this payment if, in its opinion, it is made for the purpose of receiving immediate hospital treatment. In this paragraph the family shall mean the father, the mother and dependent children only.
- Every person resident outside the boundaries of the hospital district who pays the outside hospital supporter's fee of Twenty Dollars (\$20.00) to the Secretary-Treasurer of the Hospital District, on or before the 10th day of January in any year shall be deemed to be a hospital supporter for the calendar year, providing the board deems accommodation is available.
- No charge will be made for ordinary drugs and dressings for the persons eligible

for the per diem rate of One Dollar (\$1.00), but they will be required to pay for the use of the operating room at the rate of:

- Major operations — \$5.50
- Minor operations — \$3.00

(e) All persons not eligible for the per diem rate of One Dollar (\$1.00) shall pay not less than Three Dollars and Fifty Cents (\$3.50) per day, with additional charges for drugs and dressings, and operating room charges as follows:

- Major operations — \$11.00
- Minor operations — \$5.00
- Case room — \$6.00 (For those not eligible under Maternity Act.)

- All persons not eligible for the per diem rate of One Dollar (\$1.00) shall pay all X-ray charges.
- Extra charges for ratepayers or non-ratepayers requesting private accommodation and receiving such accommodation shall be set by the Board and be subject to the approval of the Department of Public Health.
- The Board may enter into agreements with city hospitals for the care of special and emergency cases, certified by the attending physician, which cannot be adequately hospitalized at the Crows' Nest Pass Municipal Hospital.
- To create a debenture indebtedness of One Hundred and Eighty-Five Thousand Dollars (\$185,000.00), twenty years at interest not to exceed 4%.
- To repay said debentures in equal instalments of combined principal and interest for term of 20 years.
- The Plan for the Proposed Revenue and Expenditure:

- REQUISITION:

- L. I. D. No. 71 5.12 Mills \$16,458.00
- Town of Blairmore 5.12 Mills 3,600.00
- Town of Coleman 5.12 Mills 4,316.67
- Village of Frank 5.12 Mills 338.00

\$24,712.67

- ESTIMATED REVENUE:

- Govt. Grant, 8,800 patient days

at 45¢ \$ 3,960.00

- Patient Fees at \$1.00, less

20% C. 7,040.00

- Operating room, contracts, etc. —

7,000.00

- Estimated requisitions —

24,712.67

\$42,712.67

- ESTIMATED EXPENDITURE:

- Operating Cost at \$2.25 per

patient day, on 8,800 days \$28,600.00

- Yearly capital repayment

on \$185,000.00 debentures, 13,612.67

- 20 years, 4% —

500.00

- Estimated surplus —

\$42,712.67

- Approved.

W. W. CROSS,

Minister of Health.

## IS GOOD WATER AVAILABLE IN THE CROWS' NEST PASS FOR THE HOSPITAL?

Certainly! Ample water is available anywhere in the Town of Blairmore. Good drinking water is now supplied to the Town of Blairmore from York Creek near the town. This source is available to the hospital. The Department of Health Chief Sanitary Engineer is satisfied that this supply is satisfactory. YOUR HOSPITAL BOARD WILL NOT PROCEED WITH THE ERECTION OF A HOSPITAL UNTIL THIS FEATURE IS FULLY AND SATISFACTORILY SETTLED.

## HOW ABOUT A DOCTOR?

Scarce as doctors are at the present time, no Municipal Hospital is without a doctor. The Board realizes the importance of a good physician and surgeon and will spare no effort to have one or more skilled practitioners locate in the Crows' Nest Pass District. With the release of doctors from the armed services, many skilled doctors will be available. If any one doctor should not prove satisfactory for any reason whatsoever, the Board is free to ask another one to locate here. Further, should the ratepayers wish it, the Board could enter into an agreement with any particular doctor, at an agreed rate, to supply medical, surgical and obstetrical services. No one will be required to use any particular doctor. Besides, outside doctors may be called in, if or when necessary for any special case.

## MAY A HOSPITAL SUPPORTER SECURE HOSPITALIZATION ELSEWHERE?

Yes. The Hospital Board intends to make arrangements with City Hospitals for the care of special and emergency cases, and the cost to the ratepayer will be the same as at home, that is One Dollar per day. This means that if you require treatment which cannot be provided at the Crows' Nest Pass Hospital, you pay the same hospital rate elsewhere—that is, One Dollar per day.

## WHY A VOTE FOR THE PLAN?

The Municipal Hospitals Act requires that those who reside in the Proposed Hospital District shall themselves decide whether or not they wish a Hospital District organized. To do this a vote is taken to record the number for and against the proposal. A two-thirds majority of those voting is required before the proposal is considered approved. Therefore, every ratepayer should take a lively interest in the matter, studying the many points in favor of the scheme and make sure that his vote is cast in support of this important matter of public welfare. Vote "YES."

## WHO MAY VOTE?

- All persons liable for taxes under the Municipal District Act.
- The wife, husband, sons and daughters, at least twenty-one years of age, of such persons and residing with such persons within the Hospital District.
- If your name is not on the voters' list, and you are qualified to vote, you may vote by signing a declaration on a form provided under the Act at the poll at the day of the voting.

Vote "Yes"

## WHO WILL MANAGE THE HOSPITAL?

A Hospital Board is elected by the ratepayers which will have the entire management under its control. The Board is responsible to the ratepayers for its actions. Expert supervision is given gratis by the Department of Health of the Province, which maintains a Supervisor and staff who have no other duties than to ensure that Municipal Hospitals are operated in the best interests of the ratepayers and the sick.

## WHERE TO VOTE?

The Proposed Hospital District has been divided into Polling Divisions for the convenience of the ratepayers. A ratepayer must vote within his own Polling Division by signing a declaration on Form "A" which will be provided by the Returning Officer. He or she may vote if their name is not on the voters' list.

## Look at the Pictures

YOUR VOTE  
"Yes"  
will mean this  
in the Crows'  
Nest Pass

YOUR VOTE  
"No"  
will mean this  
in the Crows'  
Nest Pass

Be sure to VOTE "YES" and get your neighbor to Vote "YES" also

The Provisional Board, Proposed Crows' Nest Pass Municipal Hospital, ALEX. BALLOCH, Secretary, Coleman.

WORLD HAPPENINGS  
BRIEFLY TOLD

UNRRA officials estimate that there are about 130,000,000 Europeans who will require relief.

A Czechoslovakian brigade raised and trained in Britain during the last few years has joined the last Canadian Army.

General de Gaulle's cabinet has fixed membership of the new consultative assembly at 246, it has been disclosed.

Twelve R.C.A.F. fighter squadrons formed part of the air protection for the initial operations in the invasion of Normandy.

The government of Bombay, India, has sanctioned a scheme for the manufacture, refining, standardizing, bottling and marketing of shark liver oil.

Discharged veterans may wear their uniforms for 30 days after leaving the service or any time after that if they are granted permission by a commanding officer.

The Royal Navy has loaned the Polish navy the cruiser Dama, sailing now under the name Orp Conrad in memory of the famous Polish sailor and writer Joseph Conrad.

Dr. A. Janovics, chemist in charge of Rand laboratories producing penicillin, says it is hoped in the near future to produce as much of the drug as South Africa requires.

With German-banned books restored—and books glorifying Hitler many and Marshal Petain eliminated—several million French children have returned to elementary schools.

## Held By Individuals

Cash Retained By Average Canadian Much More Than In 1939

The man with the fat roll of bills is Johnny Canuck, no less, carrying five times as much money in his pocket as his father did in 1900.

Bank of Canada officials said that the circulation of Bank Notes in the hands of the public this year works out at an average per individual of \$20.27. In 1900 it was \$12.28.

The estimate of cash in the hands of the average Canadian is established by taking the circulation of bills issued by the Bank of Canada and chartered banks and dividing by the number of Canadians, adjustments in the population figure being made year by year.

Officials said that studies have indicated that only a small proportion of notes in circulation are held by business places, which are likely to transfer cash to bank as quickly as possible. A United States survey indicated that at least 90 per cent. of notes in circulation are actually carried by individuals or kept in their homes.

Cash retained by the average Canadian has swollen substantially since the war began. In 1939 the average was \$19.17, which rose to \$25.22 in 1940; \$32.54 in 1941; \$44.33 in 1942 and \$58.25 in 1943. The 1944 average of \$70.27 is for the year thus far.

At the start of the First Great War the average was \$19.19 but the rise was fast in succeeding years, until 1920, when the average Canadian had \$34.63 in cash on hand. This level was never reached again until 1941.

## WANT NEWSPAPERS

Canadian soldiers in hospital overseas want their "home town" newspapers more than anything else, Capt. Violet Matthews of the First Aid Nursing Yeomanry, who recently returned to her home in Toronto, said.

## LIFE'S LIKE THAT

By Fred Neher

"Could I have my change in red stamps?"

Snow-Fighting Days  
Ahead For Railways

Snow-Fences And Plows Ahead  
Sectionmen And Extra Gangs  
To Keep Busy Tracks Free

Farmers throughout the West are tucking the last of the harvest safely away and busy housewives are tackling the housecleaning chores. The city dweller has put up his storm windows and is looking anxiously to the fuel bin.

The railwayman, however, approaches winter in the mood of the condemned man walking the thirteen steps to the gallows and hoping with every step for a last-minute reprieve. Winter can make a lot of difference in his business.

It can be like the winter of 1942-43, cold from one end of the country to the other, unseasonably so in many places, the glass dropping on various parts of the prairie to the 39°; slowing train movements and multiplying the difficulties of maintenance of way men. Or it can be like last winter, reasonably cold but without the extreme which makes life outdoors a nightmare.

No men are more sensitive to the portents of weather than the railwaymen whose job it is to maintain track under all conditions. Track maintenance is a matter of 24 hours a day, seven days of the week, 365 days of the year. They often refer to the sectionmen as the "forgotten men" of the railways, and there is some justification for the title.

He is the lonely figure leaning on a pick or a shovel while the limited roars by. He waves his hand to the passengers who wave to him from the observation car platform, then calmly picks up where he left off in the endless tasks of clearing ditches and culverts, replacing steel and ties, lubricating switches, tamping ballast, clearing weeds, raising or lowering track and tightening tie-plats.

Western lines of the Canadian Pacific Railway comprise more than 10,000 miles of track, not including double track sidings, and yards, and this represents a lot of "housekeeping" for F. W. Alexander, assistant chief engineer; T. E. Price, engineer of maintenance for western lines and the district engineers, division engineer, roadmaster, section foreman and sectionmen, and the extra gangs which are ordered out as required for special work.

Right now the maintenance of way men are getting on with their fall "housecleaning", preparing for a winter that always comes. At divisional points from the head of the lakes to Vancouver Island the "auxiliaries" are standing by, the special equipment held in readiness for the inevitable contingencies of weather. The snowplows, wing-plows and flangers for the prairie regions, bigger wing-plows and huge rotary plows have been through the shops and are standing ready, bright in their new paint, to swing into action at the first alarm.

Sectionmen are putting up the snow-fences to protect the right-of-way against the drifts that will come across the plains as soon as there is snow enough to be caught by the winds and driven against some convenient obstruction such as a railway embankment.

## WILL BOUNCE BACK

The *Lloyd's Advance* says if you play a mean trick on an elephant he will probably spray a trunkful of water over you 30 years later. If you mistreat a customer, he not only ceases to be your customer, but he never lets a chance slip to tell others about it. The worn-thin crack "There's a war on," is a termite expression that is eating up a lot of good will these days that will take a lot of effort to get back.

Buy War Savings Stamps regularly.

## Clearing Snow From Railway Tracks

—Canadian Pacific Photos.

There's always work for the sectionmen who maintain railway right-of-way, and the coming of winter brings added tasks such as the erection of snow-fences (as in bottom photo, above). Throughout the west, the Canadian Pacific Railway, on its more than 10,000 miles of track, maintains more than 1,500 miles of such snow-fences, some of them permanent, the others erected on private property, usually farm lands, in the fall, taken down again in the spring to enable the farmer to get back on his land. Some time, in ex-

posed places, three lines of fences are necessary to prevent snow-drifts from blocking the right-of-way. The average prairie snowfall, 12 to 14 feet in the season, would present few problems save for the wind which drives it into drifts which have to be checked by snow-fences. When snow gets too much for the fences, plows are brought into play to buck the drifts from the track. Wing-plows and flangers are sufficient to do the job on the prairies but in the mountains huge rotary plows, like the one shown in top picture, above,

tackle the big drifts. At Glacier, where the Canadian Pacific's five-mile, double-tracked Connaught Tunnel effects a short-cut through an area where miles of snowdrifts previously protected the line from snowdrifts, the snowfall averages 33 feet in a season, and the rotary plows, as well as the biggest push-plows have all they can do to handle the situation. Blades of the big rotary plows whirl at 400 revolutions per minute, throwing the snow in a veritable maelstrom in either direction from the track.

## Ulster Linen Industry

Has Been Facing A Wartime 'Flax Shortage'

The Ulster linen industry has been facing a wartime flax shortage. It is now manufacturing new fabrics from synthetic long-staple rayon. An exhibition of the new fabrics has been opened in Belfast. The materials were all woven on existing machines in Ulster linen mills. The Prime Minister of Northern Ireland, opening the exhibition, emphasized that the new type of textile is not in competition with the linen industry but rather an adjunct to it.

## INTROSPECT

Unless many people live and work in the intimate relationships of community life, there never can emerge a truly unified nation, or a community of mankind. If I do not love my neighbor, whom I know, how can I love the human race, which is but an abstraction? If I have not learned to work with a few people, how can I be effective with many?—Arthur E. Morgan.

Mahogany trees are scattered through thousands of acres of forests, sometimes only one to the square mile.

Placing a lotus lily seed, 250 years old, in an oven, recently, a British scientist found in three days it put forth a shoot more than three inches long, with the root clearly perceptible.

Privates in the Papal Guard are not permitted to marry.

#### Post-War Army

Will Have Plenty Of The Best Equipment To Draw From

The Reserve Army is expected to get encouragement after this war in place of the seemingly grudging support it got after the First Great War. One thing is sure: The Army will have plenty of the best equipment to draw from and there is every likelihood that the wide range of weapons from tanks and landing barges to Commando daggers and Sten guns will be used in peacetime training camps after the war.

The question as to whether the veterans will join the Reserve has already been answered in many cities where discharged men have found themselves irresistibly drawn back to the parade ground and the comradeship of arms.

One officer said recently: "When they quit the Army they all say it's the last time they want to see a uniform."

"I know, because I said the same thing after the last war. But in about six months' time they start coming around the armories, and the first thing you know they've got on sergeant stripes and are bawling out commands."—Toronto Globe and Mail.

#### SURPLUS WAR SUPPLIES

William G. Lehman of the United States Office of Surplus War Property said 25,000 pairs of officers' spurs and several hundred thousand cartridge clips had been sold to radio advertisers, presumably for souven-  
distribution; smudge pots have gone to citrus growers, 4,700 Klaxon horns to boat builders, and 1,300,000 cuspidors with lids removed for use as stew pots.

Buy War Savings Stamps regularly

IF HEAD COLDS  
HANG ON..

DO THIS! To relieve discomfort, one of the best things you can do is put a good spoonful of home-tested Vicks VapoRub in a bowl of boiling water.

Then feel welcome relief come as you breathe in the steaming medicated vapors that penetrate to the cold-congested upper breathing passages! See how this soothing irritation, quick coughing, and helps clear the head-bringing grand comfort.

FOR SOOTHING relief, rub throat, chest and back with VapoRub at bedtime. Vicks VapoRub in a bowl for hours—2 to 3 at a time—to bring relief from distress.

Remember, it's Vicks VapoRub you want.

#### OUR COMPLETE SHORT STORY

### The Maharaja

—By—  
MORT MADOFF

McClure Newspaper Syndicate

Louise, scanning the society page of the morning paper, gasped audibly. Her voice became tense with excitement. "It's true! The Van Worthingtons have that handsome maharaja as their guest. Oh, Herbert, I'd give my right arm to be introduced to him!"

Herbert reluctantly withdrew his eyes from the sports page. "Aw, Louise, an Indian prince is human like the rest of us common folk."

His wife glared. "Common folk! That describes us perfectly, Herbert Bummel. We'll never... we'll never be anything else."

Herbert swallowed his coffee in one gulp. "And what have you to complain about, Mrs. Louise Clinker Bummel?"

Louise stared critically at her husband. There really wasn't much to censure. Herbert was a good husband, a dependable plumber who always made a decent living and never caused any trouble. But he was as romantic as Mulligan's stew.

Herbert set down his coffee cup, smacked his lips, picked up his cap, glanced at a methodical, like upon Louise's brow, and bounded off to do his daily tinkering.

Louise sighed as she began to wash the breakfast dishes. The patter of the faucet became a majestic waterfall. India. Rubies and diamonds. Harem. Curious mystic who stare at the sun and scamper over hot coals. Voluptuous dancing girls. Handsome princes on white elephants. Turbans and the river Ganges. India—romance.

While preparing supper Louise couldn't forget the maharaja. If only Herbert would mix with the more socially prominent businessmen. But Herbert was Herbert, and there was no changing him.

At supper Herbert grinned broadly. "Joe Peters are messed up that Van Worthington job."

Louise felt prickly. "Van Worthington?"

Herbert paused a moment as he swallowed a mouthful of mashed potatoes. "Yeah. They needed some special plumbing in that fifty-foot mausoleum they call a bathroom. Insisted on a hurry-up job as they wanted it for this Indian individual. Couldn't guarantee to do it fast enough for me, so they gave it to Joe."

Louise blanched. "Herbert! If you had taken that job maybe we'd have been invited to that costume party. And I want so much to go. I've eyes moistened and her heart ached."

Herbert patted her hand. "I'm sorry, Louise, but even a plumber has ethics."

Louise sniffed. "The party is Thursday afternoon. All I'd want would be one look at that charming maharaja."

Herbert wrinkled up his nose. "It's beyond me what you women see in that Indian. Anyway, pass the meat balls, eh, Louise?"

Thursday dawned bright and cheerful. But there was no sunshine for Louise. Beside her, Herbert was wheezing away for all he was worth. He was dead to the world, dreaming about monkey wrenches and lead castings.

At breakfast Herbert had a disgustingly good appetite. It meant nothing to him that he wasn't invited to the Van Worthington costume party. He hummed happily as he buttered his toast. Louise looked imploringly at him. "Please, Herbert, you don't have to put on an act for me."

Herbert stared wide-eyed. "This is no act. I'm expecting one of my biggest and most important jobs today."

Louise sighed heavily. "Is that all you ever think of—jobs and more jobs?"

Herbert munched contentedly. "It's our bread and butter, Louise. Our bread and butter."

At ten o'clock Louise met the mailman at the door. The Van Worthingtons would send her an invitation. She just knew it. But the lone envelope contained an announcement heralding the opening of Gittleman's Haberdashery.

Twelve o'clock came and went. At three, Louise was frantically waiting for a liveried messenger to come dashing up the porch. Three thirty the party would begin. Louise could almost hear the gay strident music, the murmur of the guests as they awaited the maharaja, and then

the hush as he made his regal entrance.

The jingling of the phone brought her back to reality. She blinked twice as she heard the bristling of Herbert's voice. "How'd you like to see the Indian fellow, Louise?"

Louise trembled all over. "Oh, Herbert, how did you manage it? But hurry, darling, the party has started."

Herbert was provokingly calm. "Don't worry, the shindig won't be long until we get there."

As she imagined the glittering dress of the other guests, Louise wailed, "But what shall I wear?"

"Better put on a pair of my overalls. And boots. But hurry!"

Louise flew upstairs and encased herself in Herbert's war clothes. Herbert was clever sometimes. Who would ever think of going to a society costume party in a plumber's outfit?

They rped up the hill in the business truck. Louise wouldn't have cared if it had been a junk wagon. She, Louise Bummel, was going to the exclusive Van Worthington costume party. And she happily squeezed Herbert's arm.

An obsequious doorman hurried them inside. The guests stood aside respectfully as the Bummels made their way up the marble stairway. Louise tugged at Herbert's elbow. "Isn't the party being held downstairs?"

Herbert chuckled. "Party? Your maharaja is marooned in that fancy bathroom, and I'm the fellow who's going to rescue him and fix the busted pipes."

#### FORGOT HIS WARNING

When Samuel M. Freedman opened a restaurant at Lawrence, Mass., he was careful to post a sign reading, "We are not responsible for property lost or stolen." Recently Freedman hung his coat near the sign, only to return a few hours later to find it had been stolen.

#### Discuss Joint Air Bases

Operation and maintenance of air bases used jointly by the R.C.A.F. and the U.S. Army Air Forces necessitates discussions between ranking officers of the two forces. Most recent of these meetings has been held in Ottawa under the chairmanship of Air Vice-Marshal W. A. Curtis, CBE, DSC, Air Member for Air Staff of the R.C.A.F. Pictured above following the final session are Col. E. W. Hockberry, U.S. delegation, left, chatting with A.V.M. Curtis.

**Health**

LEAGUE presents TOPICS OF VITAL INTEREST

NUTRITION IMPORTANT SCIENCE

If all persons were rational nutritional education would be very simple. They would learn promptly and would act wisely after observing the ill effects of deficient diets and the benefits to health and development brought about by the eating of the right kinds of foods.

But in this respect people have not always behaved as rational beings. Many have been and are reading about deficiency diseases and the rewards in health and welfare that fall to those who eat balanced meals. But they cannot be bothered to make the effort to break away from their old habits.

Some know the kinds of foods that the diet should contain and yet they deliberately persist for years in eating what they prefer rather than selecting the nutritious foods they need and finally end up with undermined health.

However, the entire human race is not irrational and stubborn in its food habits and many have learned and are learning by experience and education to change their food habits. Even though most persons show strong resistance to new ideas, many have learned much about nutrition—proper eating habits—in recent years.

For instance, numerous housewives now know the meaning of food groups. They have learned that starches, fats and proteins are important constituents of daily diets and know how to use them in cooking. They are well-informed about vitamins, what foods contain certain vitamins and other substances essential to the health of their children.

Also, they know there has been a revolution in kitchen practices. They have learned that fruits and vegetables should not be treated as relishes but as important components of the daily diet. They are conscious of the fact that milk is not merely baby food but should be included in everyone's diet.

It took scientists many years to discover and verify these simple facts and gradually the world at large is absorbing this New Science which, if allowed full sway by all humans and their economies, would revolutionize a very big part of the art of living.

#### Finland's Indemnity

Russia Is Likely To Accept Wood And Wood Products

Finland, fighting to rid itself of German troops, is also moving quietly to meet the \$300,000,000 reparations which it must pay the Soviets under the armistice. The burden will probably be carried largely by certain industries, part of whose production will be allocated to Russia. Since Finland once exported large amounts of wood and wood products to Russia, these materials are likely to constitute a major item under the proposed program. Many forests are nationally owned and private interests would not have to be reimbursed.—Newsweek.

#### Tribute To Lord Halifax

U.S. Newspaper Man Has High Praise For British Ambassador

Luther Huston, Washington correspondent of the New York Times pays high tribute to Lord Halifax, the British Ambassador to the United States, in a recent article.

He writes: "This tall, rather sombre man who has been the British Ambassador since January, 1941, has demonstrated to thousands of Americans that there is a common meeting ground, and, in doing so, has acquired a wider knowledge, perhaps, of Americans as individuals than any other Britisher of his time."

He works hard at his job and has travelled very widely in the United States, but no matter where he is, Lord Halifax cannot be very far away from the lines that communicate with Whitehall and Downing street. He does not know the hour when a dispatch may come that requires immediate and earnest attention. There flows across his desk and from it to the comprehensive and complex Embassy organization which deals with all phases of British interests in the United States a vast amount of documentary work. By nature and long training, he works quickly and easily, makes his decisions, and gives his instructions without hesitation. Had he not that faculty his work never would be done. His name is Edward Frederick Lindley Wood and he was the third Viscount Halifax until recently, when the King's honors list made him the Earl of Halifax. "He is as British as Yorkshire pudding or Devonshire cream, yet but for the place and circumstances of birth he might have been Professor Wood of some New England college or Ed. Wood from the Kentucky hills. He is a man who would do all right in either of those environments, and does right well where he is."

#### Control Shipping

Arrangement Between Britain And United States Until War Ends

U.S. and Britain have been co-operating during the war in controlling shipping. The British Ministry of War Transport and the War Shipping Administration of the U.S. have had, under requisition or charter, operating control of almost all the ships in the world—except the enemy ones. This arrangement terminates on suspension of hostilities with Germany—after which the U.S. and Britain have agreed to set up a new authority—between Norway and Netherlands, which is to control the majority of world shipping until six months after the end of the wars with Germany and Japan.

#### SELECTED

#### RECIPES

**ESCALLOPED CABBAGE**  
4 cups chopped raw cabbage.  
1 cup milk and cheese  
2 cups medium white sauce (\*)  
1/4 cup lightly buttered bread crumbs

Cook chopped cabbage in boiling salted water for eight minutes; drain. Place alternate layers of cabbage, cheese and white sauce into a greased, 2-quart casserole. Top with crumbs. Bake in moderate oven until brown. Serves six.

(\*) White Sauce  
3 tablespoons butter or other fat  
2 tablespoons corn starch  
1 teaspoon salt

Dash pepper  
Dash Worcestershire sauce  
2 cups milk  
Melt fat in saucepan; blend in corn starch and seasonings. Let bubble over very low heat for three minutes. Add milk slowly and cook until smooth and thick, stirring constantly.

**CANADIAN FEA SOUP**  
1/2 pound (1 1/2 cups) dried peas  
3 quarts water  
1/2 pound salt pork  
1 small onion  
Salt, pepper  
Wash peas; place in large bowl and add water. Soak for 4 to 6 hours or overnight. Turn into large cooking kettle (with the same water) and add scraped salt pork and onion, cut in pieces. Simmer over moderate heat and bring slowly to a boil; reduce heat and simmer slowly for 3 hours or longer. Toward end of cooking period add salt, pepper and other seasonings or herbs to taste.

The Union of Soviet Socialist Republics—in area the largest country in the world—occupies 8,065,728 square miles.

#### Advertising Agency

Changes In Control And Management Of McKim Advertising Limited

Charles T. Pearce, for many years President and General Manager of A. McKim Limited, a leading Canadian advertising agency, has announced certain changes in the control and management of the business. Mr. Pearce is retiring as President and General Manager and from November 1st the business will be carried on under the name of McKim Advertising Limited.

The remaining Directors of the present company will be the sole shareholders and directors of the new company. No change in the policy of the company is anticipated. The Board of Directors will be A. N. McIntosh, Chairman of the Board; James McC. Baxter, President; J. J. Gallagher, First Vice-President; J. W. Thain, Vice-President and Treasurer; D. E. Longmore, Vice-President; and H. R. McDougall, Vice-President.

#### Junior Miss Pattern

By ANNE ADAMS

Perry kerchief-pocket to catch a beau's fancy! Slide-swept closing and clean-cut lines of Pattern 4736 accent your lithe figure; hat included.

Pattern 4736 comes in junior sizes sizes 11, 13, 15 and 17. Size 13, dress takes 3 yards 39-inch fabric; hat, 1/4 yard 30-inch fabric.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Style Number and send to: The Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man. "Because of the slowness of the mails delivery of our patterns may take a few days longer than usual."

Less than two pounds of radium are available for use in the world today.

One out of every 10 early American colonists died of smallpox.

#### HERE'S MY FEED PROBLEM

How can I save money on feeding my calves?

#### HERE'S THE ANSWER

"Miracle" Calf Meal actually costs a little more because it is a top rate feed. With "Miracle" Calf Meal your calf will reach its full growth at least 4 months sooner, so you actually save 4 months feeding cost. This more than covers the extra cost of the feed.

ASK FOR "MIRACLE" FEEDS

Dr. W. G. Carpenter, former principal of the Calgary Institute of Technology and Art, who retired about a year ago, is reported as being in poor health since leaving Calgary.

An interesting visitor at the home of Mr. and Mrs. George Bond is their youngest son, Maurice, who left here for the western States some fourteen years ago. Maurice is now with the American troops, a corporal with a US signal corps, with headquarters at Presidio, California. Maurice is looking fine and hopes to return south some time next week.

Dr. F. Cyril James, principal and vice-chancellor of McGill University, has been appointed to the university advisory board to replace Dr. H. J. Cody, resigned. The advisory board was created in December, 1943, to advise the minister of labor on matters affecting the students and staffs of Canadian universities during wartime, including mobilization matters. Arthur McNamara, deputy minister of labor, is chairman of the board.

Trinity United church, Vancouver, Rev. H. J. Byvan, minister, dedicated a new Minahall electric organ on a recent Sunday. This was the gift of an anonymous donor, and was a complete surprise to the congregation. The address was based appropriately on the Scriptural reference to "Jubal... the father of all such as handle the harp and the organ." Recently the choir presented the minister with a silk gown. The congregation will soon celebrate the thirty-fourth anniversary of its founding by the Rev. A. M. Sanford, DD, now of Union College, Vancouver.—United Church Observer. Rev. Bevan was former pastor of St. Paul's United church at Coleman.

## Local and General Items

Jack Miner, famous Canadian naturalist and bird lover, died at Kingsville, Ontario, on Friday last in his 79th year.

Capt. Robert Finlay Gibson, 35, son of Mrs. R. S. Gibson, of Calgary, was killed in action overseas on October 24th.

That's peddling bull alright: A Staveland farmer paid \$15,000 for a Hereford bull calf at Kremmling, Colorado.

Teachers of the southern Alberta schools are in attendance at the convention which opened in Lethbridge yesterday.

The Canadian Legion hotel at Halifax was destroyed by fire of unknown origin on Saturday last, with loss of at least three lives.

Mrs. George Bond and daughter, Mrs. Milda King, journeyed to Calgary by train the early part of the week to spend a few days.

George (Judge) Thompson, of Victoria, BC, stopped over in Fernie last week, enroute to Lennoxville, Quebec, where Mrs. Thompson was seriously ill.

A meek little local man was called before a judge, who asked him if he had control of himself at the time of the accident. The little fellow replied: "No, my wife was with me."

Wallace Mayes, colored, was at Calgary sentenced to six months hard labor at Lethbridge jail for the theft of \$50 from A. Christiansen, of Burmis.

D. O. Wight, former publisher of the Cardston News and now a resident of Provo, Utah, has been re-elected president of the Utah Council of the Boy Scouts of America.

Mrs. A. E. Larke left Calgary Sunday for Winnipeg to join her husband, Major the Rev. Albert E. Larke, who has recently returned from three years' service overseas. They returned to Calgary yesterday.

Acting Major Robert E. Lucy, MBE, 29, son of Mr. and Mrs. Dan J. Lucy, of Calgary, was one of two Calgary men to recently receive the Military Cross. He was made member of the British Empire Order in June of this year.

Pictures of Adolf Hitler are being sold at Breslau at \$18 each. The Nazis say a floor had to be placed under the pictures because thousands of them had been thrown on the market in recent weeks at prices incompatible with Hitler's so-called "dignity."

Dave Blackmore, son of Social Credit leader Blackmore, was one of three special experts sent to the Antipodes to teach Australians the handling of temperamental Canadian equipment. He was member of a crew that narrowly missed being torpedoed by a Jap submarine.

The cost of exterminating 15,000,000,000 houseflies in this district is estimated to amount to \$3,000. A local guy who has nothing else to do but live on money left him, figures that 604 more could have been captured. Anyhow, the idea of eradication lives with the liveflies.

The marriage was solemnized in the rectory of the Holy Rosary cathedral at Vancouver, B. C., recently, of Miss Sheila Dolores Devine, RN, daughter of Mr. and Mrs. J. J. Devine, formerly of Coleman, to Squadron Leader Foss Henry Boulton, DFC, son of Mr. and Mrs. J. H. Boulton, of Coleman. A veteran of 82 trips over enemy territory, Foss, who went overseas in 1942, was a member of the famous City of Oshawa Squadron. He became a prisoner of war in May of 1943, and since his repatriation has been speaking in British Columbia in behalf of the Seventh Victory Loan. Enroute to their new home in Ottawa, S.L. and Mrs. Boulton visited in Coleman this week.

Tomorrow, Remembrance Day, all local stores will be closed.

Mrs. J. J. McIntyre, of Coleman, is patient in the Holy Cross hospital at Calgary.

Coleman's percentage in the Victory Loan drive is drawing near to Pincher Creek's.

Newspapers, like ladies, have to be careful. When there's a let-down their slips show.

Mrs. Ross was down from Crown's Nest on Thursday to attend the funeral of Mrs. Chardon.

Dr. Russell J. Patterson, aged 56, passed away at Medicine Hat on Sunday following a week's illness.

War has already been declared against late Christmas shopping and we predict a counter attack.—Ex.

Pincher Creek's loan total has reached \$458,000, being 150 per cent of the minimum objective of \$300,000.

The Earl of Strathmore, father of Queen Elizabeth, died at Forfarshire, Scotland, on Tuesday at the ripe age of 89.

Man's life: Twenty years of wasting what his dad makes; twenty years of trying to keep from wasting what he makes.

Married members of the Royal Canadian Air Force (Women's Division) will be released to civilian life under a discharge plan now being initiated.

Paul Lambert, of Lasqueti Island, near Vancouver, but one of his pet islands in the Gulf of Georgia against \$1,500 that President Roosevelt would be re-elected.

Corporal Jasper Richard Jones, M59521, grandson of Mrs. Marie Spillers, of Coleman, and member of an Alberta regiment, is reported injured in action.

Coal production in Alberta from January 1st to September 30th was 5,238,931 tons, a decrease of 545,681 from the 5,784,612 tons produced during the same period last year.

It is claimed that up in Calgary they are charging enormous prices for bootleg whiskey—as high as \$14 or \$15 for rye, the regular price of which is \$3.75 and \$4.

Franklin D. Roosevelt has been re-elected president of the United States for a fourth term. Final figures give Roosevelt a majority of close to three million over Dewey.

The ideal nose, says an artist, is just one-third the length of the face. A nose of this proportion can be poked into other people's business, but not so far as to get punched.

Nine cars of steers and two cars of mixed cattle were shipped from Lundbreck last week, also five cars of sheep were shipped to the Taber district. A. M. Denmore was the shipper.

Prime Minister Churchill pointed out to Commons last week that no one in Britain under 30 ever had cast a vote. No general elections have been held in nine years, and registrations for bye-elections is suspended.

The largest sugar beet payday in the history of the Canadian Sugar Factories Limited at Raymond was made during the week, totalling approximately \$2,000,000 as the initial payment for the 1944 crop.

Two members of the RCMP were at Quebec found guilty of manslaughter in connection with the fatal shooting of Georges Guenette, 24, wanted for an assault on a policeman. They are remanded to November 20 for sentence.

The sympathy of the entire district goes out to Mr. and Mrs. Tom Brennan, of Coleman, who have received word that their eldest son, Pilot Officer Tom Brennan, was killed in active service overseas. Tom was listed as missing in September last.

## Blairmore Community Sports Association

The ANNUAL MEETING of the above Association will be held in the

## CANADA'S VETERANS Their Post-War Opportunities

This is the Fifth in a series of advertisements to inform the people of Canada of plans to re-establish them and read every advertisement.

For complete information, write for the book, "Back to Civil Life."

## Care for the Wounded and Ill CANADA'S TREATMENT AND PENSION LEGISLATION

Canada has assumed as a minimum obligation to members of the armed forces that before their return to civil life, the fullest possible measures shall be taken towards physical fitness, and that pension shall be provided for permanent disability due to service. Full medical service is provided and veterans' hospitals have been established from coast to coast. Equipment for the most modern types of treatment has been installed, and leading specialists in all branches of medicine and surgery have willingly placed their services at the disposal of veterans.

There is free treatment with allowances to every discharged person for the first year after return to civil life and free treatment with allowances for pensioned conditions is available throughout the pensioner's life.

Those discharged from the forces unable to work and in need of continuing treatment may have their pay and allowances of rank continued for one year, if treatment may have their pay and allowances of rank continued for a pensionable condition, and for longer when treatment is still required for a pensionable condition.

### PENSIONS

- Pension is awardable under three simple and easily understood conditions:
1. When the veteran has served in a theatre of war, death or any permanent disability not due to misconduct is pensionable.
  2. (a) When the veteran has served in Canada only, death or disability caused by service is pensionable.
  - (b) Death or serious disability not due to service may be pensionable if hardship would otherwise result.

### JOBS FOR DISABLED

A very wide program of education is being carried on continuously so that veterans who suffer a disability as a result of their war service may have a full and happy future. Many volunteer associations are assisting in this work, while specialized help is available from such organizations as the War Amputees of Canada, the Canadian National Institute for the Blind, and the Canadian Society for the Deaf and Hard of Hearing.

### THE COMMUNITY'S RESPONSIBILITY

This series of advertisements has given, in brief form, an outline of the Canadian re-establishment program for ex-service men and women. The responsibility, however, is not entirely that of Parliament. It can provide legislation and funds but in the final analysis it must be the veterans themselves and the people of Canada who make the program work. The public support so far has been unstinted, but successful administration requires further public support. Understanding and effort by the whole people are needed.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL, AND SHOULD BE CONSULTED ON ALL PROBLEMS.

Issued under the authority of the Honorable Ian A. Mackenzie, Minister of

VETERANS' AFFAIRS
